

Prep student Ruby Green hams it up for a student photographer at St Kilda Park Primary School.

Snap-happy paparazzi

CHILDREN in St Kilda Park Primary School's before and after school care program have been busily snapping photos of each other — and the results have been so good that the schoolyard paparazzi has gone on display.

Photography tutor Nicola Loder and before and after school care co-ordinator L Lew Wishart have organised a two-week exhibition at the school library to show off the work of the budding photographers in Grades 3 to 6.

The exhibition will run until 12 November, during school hours, and Mr Wishart is hopeful that the photos will also go on display at Linden Gallery next year. For details, phone the school on 534 5825.
